MANAGEMENT PROXY CIRCULAR

SECTION 1 VOTING INFORMATION

Solicitation of Proxies

This management proxy circular is furnished in connection with the solicitation by the management of CANADIAN UTILITIES LIMITED (the "Corporation") of proxies to be used at the annual meeting of shareholders of the Corporation and at any adjournment thereof, for the purposes set forth in the accompanying notice. The cost of solicitation by management will be borne by the Corporation.

Appointment of Proxyholders and Revocation of Proxies

The persons named in the accompanying form of proxy are directors of the Corporation. A shareholder entitled to vote at the meeting has the right to appoint a person or company to represent the shareholder at the meeting other than the persons designated in the accompanying form of proxy. This right may be exercised either by striking out the names of the persons designated in the accompanying form of proxy and inserting in the space provided the name of the person appointed or by completing and executing another proper form of proxy. A shareholder desiring to be represented at the meeting by a proxyholder must deposit a proxy with the Corporation at the address set forth in the accompanying notice not later than 5:00 p.m. Eastern Daylight Time on Tuesday, May 2, 2006.

A shareholder may revoke a proxy by depositing an instrument in writing executed by the shareholder or by the shareholder's attorney authorized in writing with the Corporation, c/o CIBC Mellon Trust Company, Attention: Proxy Department, 200 Queens Quay East, Unit 6, Toronto, Ontario, M5A 4K9, at any time up to and including the last business day preceding the day of the meeting, or any adjournment thereof, at which the proxy is to be used, or with the chairman of the meeting on the day of the meeting or any adjournment thereof.

Exercise of Discretion by Proxyholders

All shares represented by a proxy will be voted or withheld from voting in accordance with the instructions of the shareholder on any ballot that may be called for, and if the shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly. **In the absence of such instructions, all of such shares will be voted in favour of the election of the directors and the appointment of the auditor.** The accompanying form of proxy confers discretionary authority upon the persons named therein with respect to amendments to matters identified in the notice of the meeting and other matters that may properly come before the meeting. The management of the Corporation is not aware of any such amendments or other matters. If any such amendments or matters should properly come before the meeting, the persons named in the accompanying form of proxy will vote on such matters in accordance with their best judgment.

Class B Common Shares and Principal Holders

The Class B common shares of the Corporation are the only shares entitled to be voted at the meeting. As at March 2, 2006, there were 44,016,284 Class B common shares outstanding. Each Class B common share entitles the holder thereof to one vote at the meeting.

The record date for the meeting is March 15, 2006. Holders of Class B common shares whose names are entered in the applicable register at the close of business on that date will be entitled to receive notice of and to attend and vote at the meeting.

To the knowledge of the directors and officers of the Corporation, the only person who beneficially owns, directly or indirectly, or controls or directs shares of the Corporation carrying 10% or more of the votes attached to any class of voting securities of the Corporation is ATCO Ltd. ATCO Ltd. directly or indirectly owns 32,665,452 Class B common shares, being approximately 74.21% of the outstanding Class B common shares. R.D. Southern controls ATCO Ltd.

Class A Non-Voting Shares

The holders of the Class A non-voting shares of the Corporation are entitled to receive notice of the meeting and to attend and participate in discussions at the meeting, but are not entitled to vote at the meeting.

If a take-over bid is made for the Class B common shares which would result in the offeror owning more than 50% of the outstanding Class B common shares and which would constitute a change in control of the Corporation, holders of Class A non-voting shares are entitled, for the duration of the bid, to exchange their Class A non-voting shares for Class B common shares and to tender such Class B common shares pursuant to the terms of the take-over bid. Such right of exchange is conditional upon the completion of the take-over bid giving rise to the right of exchange, and if the take-over bid is not completed, then the right of exchange shall be deemed never to have existed. In addition, holders of Class A non-voting shares are entitled to exchange their shares for Class B common shares of the Corporation if ATCO Ltd., the present controlling shareholder of the Corporation, ceases to own or control, directly or indirectly, more than 10,000,000 of the issued and outstanding Class B common shares. In either case, each Class A non-voting share is exchangeable for one Class B common share, subject to changes in the exchange ratio for certain events such as a stock split or a rights offering.

Voting by Non-Registered Shareholders

Shareholders who do not hold their shares in their own name ("non-registered shareholders") may have their shares voted at the meeting by providing voting instructions to their nominee, which is usually a trust company, broker or other financial institution. Nominees will typically seek voting instructions by sending with this circular a voting instruction form instead of a form of proxy. A voting instruction form can be used only to provide voting instructions to a non-registered shareholder's nominee. Every nominee has its own signing and return instructions, which non-registered shareholders must follow to ensure that their shares are voted at the meeting.

Alternatively, non-registered shareholders may attend the meeting and vote their shares as proxyholder by entering their own name in the space provided on the voting instruction form supplied by their nominee and following the signing and return instructions. Non-registered shareholders who follow this procedure will be recognized at the meeting as proxyholders and will be permitted to vote their shares in that capacity.

SECTION 2 BUSINESS OF THE MEETING

FINANCIAL STATEMENTS

The consolidated financial statements of the Corporation for the year ended December 31, 2005, along with the auditor's report, will be placed before the meeting. Copies of the financial statements may be obtained from the Corporate Secretary upon request and will be available at the meeting. Pension and Retirement Arrangements

The Named Executive Officers participate in The Retirement Plan for Employees of Canadian Utilities Limited and Participating Companies (the "Plan").

The Corporation has undertaken to provide K.M. Watson, M.M. Shaw, S.W. Kiefer and S.R. Werth with pensions under a supplemental arrangement to compensate for limitations on defined benefit pension benefits or on defined contribution pension contributions imposed by the Income Tax Act. The supplemental arrangement, when included with the pension payable under the Plan, the estimated Canada Pension Plan ("CPP") integration amount, and any amounts payable under pension plans or supplemental arrangements of the Corporation's affiliates, provides a pension based on 2% of the average salary, excluding bonuses, during the five consecutive years of employment when the executive's earnings were the highest, multiplied by the number of years of credited service, up to a maximum of 35 years. Under this Plan, an executive may be entitled to receive a pension of up to 70% of the average of the highest five consecutive years of salary.

Pension Plan Table

The following table sets forth the annual pension payable to K.M. Watson, M.M. Shaw, S.W. Kiefer and S.R. Werth at normal retirement age 65, inclusive of all registered pension plans and supplemental arrangements and the estimated CPP integration amount based on 2% of the average salary, excluding bonuses, during the five consecutive years of employment when the executive's earnings were the highest, multiplied by the number of years of credited service, up to a maximum of 35 years.

Note: For purposes of the supplemental arrangement, the calculation of annual pension payable assumes that the amount payable under the Plan is the same regardless of whether a participant elects the defined benefit or defined contribution provisions of the Plan. For participants of the defined contribution provisions, the actual pension payable at retirement will vary depending on the value of their investment account at retirement.

Composition of the Corporate Governance - Nomination, Compensation and Succession Committee

The Corporate Governance - Nomination, Compensation and Succession Committee of the Board of Directors ("GOCOM") is responsible for recommending to the Board of Directors ("the Board") the compensation of executive officers. The members of GOCOM are W.L. Britton, B.P. Drummond, H.M. Neldner and J.W. Simpson.

Executive Compensation Structure and Policies

The Corporation's group-wide compensation philosophy, "competitive pay for competitive performance", supports the continued success of the Corporation, attempts to closely align the interests of officers and shareholders, and is achieved through the following principles and objectives, as approved by GOCOM:

The Corporation's compensation principles are as follows:

1. Establish total compensation target levels (the sum of base salary, short-term incentives and long-term incentives) at the median of the relevant comparator markets. (Comparator markets are comprised of General Industry and Utility/Alberta companies of similar size and scope of operations.) Compensation can be increased to deliver pay above the median when corporate and individual performance exceeds expectations in terms of year-over-year growth and relative performance as measured against the relevant comparator markets.
2. Provide a significant portion of overall compensation based on corporate and individual performance which is to be paid in the event that prescribed targets are met or exceeded.
3. Establish the value of pensions, benefits and perquisites at the median of the relevant comparator markets.

The Corporation's compensation objectives are as follows:

1. Attract, retain, and compensate talented executives in a highly competitive business environment.
2. Evaluate each executive officer position, from Vice President to Chief Executive Officer, on the following factors and provide a base salary based on:
 - the individual's demonstrated ability to perform the role,
 - skill requirements,
 - level of responsibility, and
 - market value of the role.
3. Compensate executives in a way that creates sustained shareholder value by:
 - ensuring all executives have an "at risk" component of total compensation that reflects their ability to influence business outcomes and financial performance,
 - linking short-term incentives to prudent corporate performance and paying in the event that prescribed targets and objectives are met or exceeded, and
 - linking long-term incentives to sustainable profitable growth.

Independent Advice

GOCOM reviews information from other corporations and published data, and from time to time engages independent compensation consultants to undertake market comparisons, gather information on competitive compensation practices and provide advice on developing appropriate compensation programs.

However, this market data is simply one piece of information taken into consideration. Generally, a set weighting is not applied to each of these factors; rather, GOCOM considers them in totality, together with any other considerations it determines relevant, in making its compensation decisions.

Components of Executive Compensation

Executive compensation consists of three main elements: base salary, short-term incentives (bonus), and long-term incentives (stock options and share appreciation rights). The percentage of each element of compensation is aligned with the executive's responsibilities and ability to influence business results. The incentive opportunity varies with an executive's performance and level of responsibility and is established in conjunction with regular reviews of competitive practice.

The three main elements of executive compensation are described below:

1. *Base Salary*

Base salary provides a fixed level of income based on an individual's demonstrated ability to perform the role, the market value of the role, and also having regard to the incumbent's responsibilities, years of service, potential for advancement, performance reviews by immediate superiors, and the assessment of GOCOM. Base salary targets for each executive are reviewed and approved by GOCOM.

2. *Short-Term Incentive Plans*

The short-term incentive plans reward executives based on a percentage of the officer's salary, for the achievement of predetermined strategic, operational and financial performance related to ATCO Group and/or Business Unit performance, or a combination thereof, and individual performance.

2.1 *Performance Measures*

Either ATCO Group performance or a combination of ATCO Group and/or Business Unit performance is used to determine the short-term incentive. Performance is assessed against predetermined strategic, operational and financial objectives, with awards based on the executive's contribution to annual results.

2.2 *Short-Term Incentive Payouts*

N.C. Southern, K.M. Watson, M.M. Shaw, S.W. Kiefer and S.R. Werth participate in an executive bonus plan in which the amount of bonus earned for a financial year is based on achievement of predetermined strategic, operational and financial objectives.

From time to time, GOCOM awards discretionary bonuses for especially notable accomplishments.

3. *Long-Term Incentive Plans – Stock Options and Share Appreciation Rights*

The long-term incentive plans are designed to reward sustainable profitable growth. As of December 31, 2005, 6,400,000 Class A non-voting shares (7.72% of the number of outstanding Class A non-voting shares) were reserved for issuance in respect of options and options to purchase 3,702,000 Class A non-voting shares (4.47% of the number of outstanding Class A non-voting shares) had been granted, of which 1,114,500 had been exercised, 1,122,800 had been repurchased and 49,200 had been cancelled. GOCOM may designate directors, officers and key employees of the Corporation and its subsidiaries to be granted options to purchase Class A non-voting shares at an exercise price equal to the weighted average of the trading price of the shares on the Toronto Stock Exchange for the five trading days immediately preceding the date of grant. The vesting provisions and exercise period, which cannot exceed ten years, are determined at the time of grant. The aggregate number of shares reserved for issuance to any one participant under the stock option plan or any other plan of the Corporation cannot exceed 5% of the total number of

Class A non-voting shares issued and outstanding. Options are not assignable and cannot be converted into share appreciation rights. Options terminate on the earlier of their expiration or 90 days after a participant ceases to be a director, officer or employee for any reason other than death, disability or retirement, in which case they terminate after two years.

In addition to the stock option plan, the Corporation has a share appreciation rights plan. GOCOM may designate directors, officers and key employees of the Corporation and its subsidiaries to be granted share appreciation rights based on the Class A non-voting shares. The vesting provisions and exercise period, which cannot exceed ten years, are determined at the time of grant. The holder is entitled on exercise to receive a cash payment from the Corporation equal to any increase in the market price of the Class A non-voting shares over the base value of the share appreciation rights exercised. The base value is equal to the weighted average of the trading price of the Class A non-voting shares on the Toronto Stock Exchange for the five trading days immediately preceding the date of grant. Rights are not assignable and terminate on the earlier of their expiration or 90 days after a participant ceases to be a director, officer or employee for any reason other than death, disability or retirement, in which case they terminate after two years.

Compensation of the Chief Executive Officer

1. *Base Salary*

GOCOM annually reviews the performance of the Chief Executive Officer with respect to the leadership of the Corporation based on a number of qualitative factors, including implementing and achieving the strategic, operational and financial objectives for ATCO Group.

2. *Short-Term Incentive*

The short-term incentive plan rewards the Chief Executive Officer, based on a percentage of her salary, for the achievement of predetermined strategic, operational and financial performance related to ATCO Group and for individual performance.

From time to time, GOCOM awards discretionary bonuses for especially notable accomplishments.

3. *Long-Term Incentives*

The long-term incentive rewards to the Chief Executive Officer are based on her ability to achieve sustainable profitable growth for shareholders of the Corporation.

Information on the base salary and short and long-term incentive award decisions for Ms. Southern and the other Named Executive Officers made by GOCOM can be found in the Summary Compensation Table.
